Describe your relationship as a couple.

Happy, adventurous, appreciative of each other, witty.

Tell me about yourselves; what do you like to do together?

We love to travel to new places. We enjoy eating and drinking our way around new cities or our home, Tampa. We love watching sports- we attend lots of sporting events throughout the year (football and hockey games mostly). We also love going to concerts together. We are all about any experience that makes for a fun memory with each other.

Is there a photo on my instagram or website that really grabbed your attention?

Yes. Your photos capture the authenticity of the couples.

How did you find me? Instagram, google, friend etc?

Instagram

What aspect of our art do you love? What would you like to see in the photos we create together?

We love things that have character and a scenery. The character of El Convento was how we knew it was the venue for us. We would love photos that capture the character of Old San Juan, the colorful buildings, and the historic parts with ocean scenery by the forts.

Have you experienced a professional photoshoot before? How did you find it?

Once for our engagement shoot. We tried our best to enjoy the shoot but as first timers we felt a bit awkward and stiff with the photographer. She did not put effort into speaking with us prior and getting to know us so that it was comfortable to work together. It was a short window to find someone to take the photos or else I would have gone a different route. I wish the photos captured us more authentically and we looked more relaxed in the typical posed ones.

How can we creatively tell your unique love story? How do you want to feel when you look back at these photos in 20 years?

I want our photos to be classy and timeless. A great mix of natural/ candid/ editorial.

Why have you booked me? What are you most attracted to in my work?

I love the way you authentically capture the couples in your portfolio. When I look at them, they all have a uniqueness about them that are tailored to the couple. Also, your editing style aligns with my taste and vision. I'm excited to have you both as apart of our day.

What's something you do together thats meaningful or different?

Go on long walks together to unwind and connect

Do you consider yourselves introverted or extroverted?

Greg extroverted, Ori an introverted extrovert but most extro

Tell us about your wedding and what can do for you: What's your vision? What does it look like? Don't overthink it, just share what's from your ♥!

Want it to be elegant and timeless. We don't want our guest to feel like they are just going to another wedding, we want it to bring a unique feeling and most importantly we want them all to have a TON of fun. We appreciate them for traveling so far to spend this day with us.

Are you more attracted to fun, laughing, flirty photos or deep, soulful, romantic photos? Or Both?

A mix of both

How comfortable with public displays of affection are you both?

Not super comfortable, depends on the moment.

How many guests are you expecting to attend?

100

Anything else I should know?

Not at the moment.
